“Taste of Life” a partnership with Holland, Germany, Czech Republic, Norway, Denmark and Finland - The third meeting of the project

„ Taste of Life” a partnership with Holland, Germany, Czech Republic, Norway, Denmark and Finland

In June, when the headmaster of “ Mihai Viteazul” Technical College, prof. phd. Ruben Filimon, the project manager told us about a new Erasmus + project we couldn’t foresee the magnitude of this project.

Yesterday, (Monday September the 28th 2015), at Continental Forum Hotel in Oradea the first meeting of the partners of “Taste of Life” project took place, the only one held in Romania (“Mihai Viteazul” Technical College as the national coordinator, Holland, Germany, Czech Republic, Norway, Denmark and Finland.

Within the project, as the headmaster mentioned, partnerships between small local producers and school canteen administrators will be encouraged in order to promote bio, healthy produce in the pupil’s nourishment.

Therefore, the idea is to make the connection between small local producers and canteen administrators, partnerships which will involve students from the public alimentation and tourism profiles, as Mela Delia, the project coordinator, pointed out. The goal is to taste life by means of new places and foods, to visit new places, experiment new foods and choosing what is best.

At Forum Continental there was new event which will be multiplied in spring, since the project is

implemented over the course of two years. It began last year and will end next year in summer. The first two meetings took place in Berlin(Germany) and Prague (Czech Rep.)

Besides the project manager and the project coordinator Ramona Hontila, member in the project team, and Ana Maria Supuran from the University of Oradea, also attended the project reunion
